Home Visit Membership

Registered massage therapy in your own home, with Oliver Bee Dasey-Springer, RMT

Treatment works better when it is regular, and the honest obstacle for most people is that regular is expensive and easy to let slide. If you commit to one 60-minute home visit a month for twelve months, every visit you book costs less — $15 off an hour, $20 off 90 minutes and $30 off two hours.

How it works

- **No membership fee.** You are committing to treatment, not paying for the privilege of a discount.
- **One 60-minute home visit a month**, for twelve months.
- **You pay at each appointment.** Nothing is charged upfront and there is no deposit.
- **Miss a month and it isn't lost.** At the end of a month with no visit, you're charged the 60-minute member rate plus HST, and your account gets a credit for one 60-minute home visit, not a dollar amount. Use it for any visit and pay the difference for a longer one. Credits stay valid while you're a member and for three months after your plan ends.
- A late cancellation or no-show is charged under the cancellation policy and counts as that month's visit.
- **Book more often if you want to.** Your rate applies to every visit, not just the first one each month.
- **Ending early** carries a $100 fee, waived for medical reasons, relocation, or a genuine change in circumstances.
- After the plan ends it simply continues **month to month** at the same rate, and you can stop any time on 30 days' notice.

What this looks like in practice

You take the 12-month plan and book a 60-minute visit each month — $185 instead of $200. When your partner books a treatment at the same address, the group discount takes $10 off each of you: $175 each, $350 for the pair. Two treatments, no travel for either of you, and a relaxed Saturday.

Membership rates

Plan	60 minutes	90 minutes	2 hours
Single visit	$200	$265	$320
12-month plan	**$185**	**$245**	**$290**
You save	$15	$20	$30

All prices are before tax; HST is added to the listed rate.

A member booking a 60-minute visit each month saves $180 over the year.

More than one person at the same address?

When more than one person is treated at the same address during the same visit, each person gets a further discount on their own appointment: $10 off 60 minutes, $15 off 90 minutes and $20 off two hours. It applies to everyone treated, whether or not they're on the plan, on top of the plan rate.

Each person pays	60 minutes	90 minutes	2 hours
No plan	$190	$250	$300
On the plan	**$175**	**$230**	**$270**

All prices before HST. Up to three people per visit, so that a Saturday does not turn into six hours at one address.
